Email:  
slong@co.westmoreland.pa.us

## VA Services\*:

- Medical
- Mental Health
- Housing
- Employment

*\*available to eligible Veterans*

## Veterans Court Referral Process

The veteran, his family, a law enforcement officer, the Magisterial District Judge, counsel, prosecutor, Veterans Justice Outreach personnel or other professional may refer the veteran to the Veterans Court program by properly completing and returning the Veterans Court Referral Form.

Upon receipt of the properly completed referral form, the veteran will be contacted to initiate the eligibility screening process.

Ideally, this referral should be made as early in the proceedings as possible, such as prior to the Preliminary Hearing, but all properly referred veterans will be contacted for eligibility screening.

Generally speaking, Veterans facing most Misdemeanor and low-level Felony charges are eligible for Veterans Court participation. There are exceptions to this policy such as cases involving child victims and Chapter 31 offenses. The Westmoreland County District Attorney must consent to the admission of all Veterans Court participants.

## Veterans Court Mentor Program

Volunteer Veteran Mentors establish positive, supportive relationships between veterans and Veteran Court participants

As advocates and allies, volunteer mentors coach, guide and act as role models for veterans. Volunteer mentors may help with readjustment issues, including anger management, impulse control, conflict resolution skills and other issues that create a difficult reentry into civilian life.

Volunteer mentors may assist the Veteran to navigate through treatment, the Veterans Court and the U.S. Department of Veteran's Affairs system, but they do not assume the role of attorneys or treatment providers. All required training is completed online.

If you've served in the military and want to support a fellow veteran in Veterans Court, please contact Westmoreland County Veterans Court Coordinator, Stacey Long at 724-830-3703.
