Dear Commissioners:

We are pleased to inform you that your request to participate in the Human Services Block Grant program has been approved by the Pennsylvania Department of Public Welfare.

You will soon receive program planning documents which will provide further information and instructions. Planning and reporting requirements outside the scope of the block grant must continue to be submitted.

We look forward to working with you to implement the block grant program. Together, we will establish a successful block grant program that can serve as an example for the provision of human service across Pennsylvania that will support our combined efforts to expand the program to additional counties.

Thank you for your continued leadership in streamlining and strengthening services provided to Pennsylvanians.
